

Alexandria Gazette.

THURSDAY EVENING, JULY 11, 1901.

LOCAL MATTERS.

San rises tomorrow at 4:42 a. m. and sets at 7:27 p. m. High water at 3:54 a. m. and 4:22 p. m.

WEATHER PROBABILITIES.—For this section partly cloudy tonight and Friday; moderately warm; easterly winds, becoming variable.

PERSONAL.—Miss May Edmonds and her brother, Wallace, have returned from a visit to relatives in Alexandria.

—(Lynchburg Advance.)

Mayor Simpson will leave tomorrow for Atlantic City, where he will spend a week. He will be accompanied by his son French, who is convalescing from a spell of sickness, and who, it is believed will, be benefited by the sea breezes. During Mr. Simpson's absence Mr. Fred. Palf, jr., President of the Common Council, will act as Mayor.

Mrs. Mary Klipstein, who has been ill at her residence, 607 Prince street, is said to have much improved.

Policemen Griffin, Howson, and Arthur Davis commenced their ten days' leave of absence today.

Mr. W. D. Hudson has accepted the position of manager of a drug house in Norfolk and will leave for that city this evening.

Mr. J. Peter Brenner, of this city, who has been in the Philippine Islands for the past year, has returned home. Mr. Brenner brings back a large number of souvenirs.

The condition of Mr. Henry Blomheim, who has been critically ill, has much improved.

Miss Rhoda B. Cooke, who has been visiting friends in Wilmington, Del., has returned.

Mrs. Charles E. Tackett will be the guest of the family of Mr. and Mrs. John F. Tackett, in Alexandria, for several days. She will leave here today.

—(Fredericksburg Lance.)

John Jennings, employed by Mr. Henry Bader for many years continuously at the Hotel Ramer.

Mr. Champ Walker, formerly of the ferry company, has been appointed shipping clerk of the river steamers in the office of Wm. M. Beardon & Co., steamship agents, this city.

Miss Bertie Roper and her sister, Mrs. Cline, of Norfolk, are visiting the Misses Ballenger, on Cameron street.

Misses Rose and Carrie Stover, of Strasburg, are visiting Mrs. John T. Stover on south Henry street.

THE ALDERMANIC DEADLOCK is still the subject of much comment, and the two wings are as much steeled against each other as ever. Both sides seem to think they have made all concessions that should be expected, and each quartette thinking itself in the right is awaiting overtures from the other. Hence there is every indication of a renewal of Tuesday night's scenes on the 23d instant—the date of the next regular meeting. In the meantime the patience of the community is being subjected to a severe strain, and there is a pronounced demand for the selection of any road out of the difficulty. It is true the appropriations for the present year have been made and all the minor city officers elected, but there is much other work for the City Council before the usual summer recess. As matters now stand it is impossible to legislate on anything, and there is nothing what emergency may arise to find the city without a Council and there is no legislative branch under the present order of things nor can there be until the Aldermen elect a president. Every expedient for the break in the deadlock has been proposed and rejected, and what will be the outcome of the matter is awaited with interest by the constituencies represented by these city fathers.

WHERE IS THE FENCE?—The new track of the Southern Railway running from Wilkes to Union street has been open for traffic for some time, but the fence the company assured the Mayor they would build on both sides of the deep cut running through the square has not materialized. A sort of barricade which would not be tolerated at an Oklahoma water station has been erected at one end, presumably to keep teams from falling on the track and resulting suits for damages. The barricade consists of several discarded railroad ties and a few boards stretched horizontally, and all out of plumb.

JUMPING ON CARS.—A train of cars seldom passes through Wilkes, Henry or Fayette street that is not boarded by boys, and the small number of fatal accidents resulting from this species of foolhardiness is often commented on. Freight trains, which necessarily move slower than those carrying passengers, are more extensively patronized by the youngsters, who hang on to the sides of the cars and run all sorts of risks. Occasionally one is killed or crippled for life, but these sad warnings fail to deter many others from tempting providence.

AN ALEXANDRIAN FINED.—A young Alexandrian fell into the hands of the Maryland authorities last night. He was one of a number who boarded the steamer Samuel J. Pentz for River View and upon reaching the grounds was arrested for disorderly conduct, tried on the spot and fined \$2. His friends took up a collection and satisfied the demands of the law. Upon the return of the boat to this city the young man was bent upon revenge himself on the steamboat officer who arrested him, but his intention was frustrated.

BILLS PRESENTED.—At the last meeting of the City Council the bills of counsel for the Police Commissioners in the recent injunction proceedings before Judge Nicol were presented, but owing to the lateness of the hour no action was taken. The bills amount to \$300—\$150 for each attorney. The counsel for the Mayor has not presented his bill. The bills came through the mail and were directed to the Clerk of the City Council, approved by the Police Commissioners.

POLICE COURT.—The following cases were disposed of today:

Richard Robinson, selling picture frame without a license, was dismissed.

A woman, assault on another woman, was dismissed.

Horace Page, depositing nuisance in the city limits, dismissed on promise to remove the same.

Night Report.—Last night was clear and mild. Two loggers were at the station house.

TO CURE A COLD IN ONE DAY

Take LAXATIVE BROMO-QUININE TABLETS. All druggists refund the money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

RIVER NOTES.—People who arrived here this morning on the Norfolk steamer report a rough experience in the bay caused by a stiff northeasterly wind. The steamer, however, was not much behind her regular time in reaching this city. Among her passengers were a number from the South on their way to the Buffalo Exposition. The officers reported a large schooner loaded with ice in the river.

The schooner Smith K. Martin, which arrived yesterday with fish guano for the Alexandria Fertilizer and Chemical Company, sailed today. She will bring another load to the same company.

NEWLY-PAVED SQUARE.—The newly-paved square on Princess street, between Washington and Columbus, was opened for traffic today. The new paving has added considerably to that portion of the city, which is the residential section, and has obliterated what was often a quagmire in winter and a layer of dust half a foot deep in summer.

APPOINTMENT.—Mr. Chas. L. Fisher, of this city, was today notified of his appointment by the President to the position of second lieutenant in the regular army. Mr. Fisher served as second lieutenant in Company F, Third Virginia Regiment, during the Spanish war and his many friends here will be glad to learn of his appointment.

INJURING TREES.—Complaint has been made lately of boys and young men who thoughtlessly passing by young trees pull off branches and leaves, thus hampering their growth and injuring the beauty of the city. If caught the perpetrators can be fined \$5 each.

ENTERED BY THIEVES.—Thieves last night broke into Mr. George Finch's saloon, southeast corner of Royal and Oronoco streets, and carried off the contents of the money drawer. The police are endeavoring to find a clue to the robber.

HONORED BY HIS FELLOW STUDENTS.—Chi Deuterion Chapter, Theta Delta Chi Fraternity, Columbian University, Washington, has adopted resolutions deploring the death of Melville Wilmer Lindsey, of the class of 1900, who died last Saturday.

Graduating as bachelor of arts, Mr. Lindsey entered the medical department of the university, and was a student at the time of his death. He was president of his fraternity during the college year of 1900-1901, and was one of the fraternity's most popular, loyal, and energetic members. During his junior and senior years at college he was also president of his class. The fraternity has decided to wear mourning badges for thirty days.

BAZAR.—The Junior Young People's Union of the Baptist Church will this evening give a bazar at Odd Fellows' Hall, the proceeds of which will go towards purchasing a car for the Sunday school room of that church. A pleasant evening is anticipated, and judging from the number of tickets sold, a large crowd will be in attendance.

LOCAL BREVITIES.

The weather today has been quite warm again, the mercury registering 88°.

New wheat is coming in, but the condition is not the best and prices are low—60¢ per bushel.

A marriage license has been issued in Washington to Samuel T. Higginbotham and Lucy Green, both of New Alexandria.

The work of paving with vitrified brick the square on King street, between Fairfax and Royal, has been about completed and in a week that square will be open for use.

The recently elected board of supervisors for Alexandria county has organized, with the election of Mr. Bezin W. Darcy, of Arlington district, as chairman. The next meeting will be held the 23d instant.

Alice E. McMenamin and husband have sold to Mary E. Phillips a house and lot on Duke street, between West and Peyton, for \$1,000. The same parties have also sold an adjoining house to Annie B. Nightingale for a like sum.

A house on Henry street, between Oronoco and Pendleton, occupied by colored people, caught fire last night. Officers Howson and Griffin were in the neighborhood and they assisted in extinguishing the flames. No alarm was sounded.

Sarah E. Jenkins, for herself and as executrix of the will of Susan Zincks, her sister, began suit in the Supreme Court of the District of Columbia yesterday against the Security Investment Company, asking for the appointment of a receiver.

An Alexandria bricklayer while at work at Arlington Junction, on the electric railway, this morning had a serious attack of indigestion. He was placed on a car and brought to his home in this city. The incident gave rise to a report that a man had been sunstruck.

Complaint is made in many sections of the city of the failure to enforce the ordinance requiring people to remove grass from their pavements and gutters. There are flourishing patches in many parts of the city, and in certain portions of upper King street it is flourishing and spreading.

This afternoon shortly after the B. & O. barge with a train of cars for Shepherd's had gotten out of the slip and foot of Wilkes street the trucks on one end of a tank car gave way and went overboard, causing the car to assume a semi-upside position. The barge was returned to the slip and the disabled car landed.

Mr. Jacob Brill will give another crabapple pie at his restaurant, foot of King street, tonight.

A bowl of delicious turtle soup was sent to this office today from the Concordia Hotel.

The Contesting Yachts.

Brentons Point, R. I., July 11.—At 10:35 o'clock a six knot breeze sprang up from the south and the fog was quickly lifted. Orders were sent to the captains of the Constitution, Columbia and Independence to proceed to the starting point. The course today will probably be fifteen miles to windward and return.

The start was made at 12:25, Independence first, Columbia second, and Constitution third, but in a short time the positions of the yachts were exactly reversed.

The rapid growth of the University of Virginia in popular good will is a matter of pride to Virginians who are especially favored in having it as a part of their public free school system. That splendid institution is the largest free school house in Virginia, and many of our boys annually gather there to pursue studies in the academic schools free of all expense of tuition.

Cure for Cholera Infantum—Never Known to Fail.

During last May an infant child of our neighbor was suffering from cholera infantum. The doctors had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days the child had fully recovered. The child is now vigorous and healthy. I have recommended this remedy frequently and have never known it to fail. —MRS. CURTIS BAKER, Bookwalter, Ohio. For sale by Richard Gibson.

DeWitt's Witch Hazel Salve should be promptly applied to cuts, burns and scalds. It soothes and quickly heals the injured part. There are worthless counterfeits, be sure to get DeWitt's. Sold by E. S. Leadbeater & Sons.

CAPTAIN WILLARD is as confident of securing the lieutenant governorship as a man can well be, but he has no idea of letting up in the efforts he has been making to capture the prize. He has many supporters among the members of the constitutional convention, and when he came to the Capitol yesterday afternoon, soon after the adjournment of the body, he was kept long for some time shaking hands and receiving the congratulations of friends, who think that he has most excellent chances for the nomination. Captain Willard is remarkably tanned, and it is said that he has been working in the field. Dr. Le Cote and Captain Willard will be here several days. —[Richmond Dispatch.]

ENTERPRISE CAN WIN.—It is an encouragement to business men of enterprise and determination that "there is no trade so settled that a vigorous competitor cannot take it away by advertising when the established concerns neglect the best methods of publicity." This is the statement of a merchant who built up a great trade from a small beginning by constantly increasing the amount of his advertising.
